Subject: Accela/eDAPTS Testing Status
Importance: High

SENT ON BEHALF OF DON WOLFE:

Per our previous discussions, this is to notify you of our evaluation of the latest release of the eDAPTS software.

After extensive testing, we do not have a high degree of confidence that this release of the eDAPTS software will meet the functional requirements of the remaining DPW operations within the timelines we have presented to the Board.

Therefore, we will immediately begin working with Counsel, the vendor, and the participating departments to establish a course of action regarding this decision. We will provide your offices a status report by October 19, 2006.

If you have any questions or concerns, please contact me or Jon Fullinwider.
